

List of works and projects on Taino

The following links are evidence that there are researchers, activists, educators, and people interested in the subject of the Taino language in Puerto Rico who are carrying out cultural, anthropological, educational, and research projects to teach, disseminate, and revitalize it.

InDiLPE researchers from the Caribbean *do not subscribe to any of them, but we wish to acknowledge that there is a great deal of interest in the topic.*

1. Understanding language ideologies in Puerto Rico: From colonialism to translanguaging
